

## Preferred Pathways One Call Notification Sheet

To whomever it may concern:

In an effort to remain transparent and have open communication with the people we serve, their providers and guardians, Preferred Pathways has decided to utilize the One Call Now System.

Each staff member and family may provide up to 6 phone numbers and up to 5 email addresses. All of these phone numbers and email addresses will be contacted by the notification system. If you need to revise these numbers, please contact Preferred Pathways so that we can update your information.

To ensure that you are included in the One Call Now system, please complete the information below and return immediately. We will notify you once our system goes into effect.

Thank you,

*Preferred Pathways Management*
